Alexanders College is an independent boarding school for boys and girls aged between 11 and 18 years. Situated in and around Bawdsey Manor for the past decade of its 30-year history, our beautiful 120-acre campus is spectacularly located on the romantic Suffolk coast. Alexanders provides a secure, structured learning environment. We endeavour to both support and challenge our pupils as they develop, and place a high value on our global community.

Academics at Alexanders

We offer a stimulating and highly personal approach to academics, respecting both the traditions and high standards of the National Curriculum and the diverse needs of our dynamic pupil body. Pupils are entered by age into Forms 1–6 but pursue the academic programme best suited to their needs. This programme will consist of Key Stage 3, GCSE/IGCSE or A-Level options, in addition to further English Language support where necessary for overseas pupils. Details of the subjects offered at GCSE/IGCSE and A-Level can be found on our website.

Learning to learn

At Alexanders College we believe that learning extends well beyond the classroom. The extensive programme of co-curricular options is designed to promote compassion, independence and personal growth through schemes such as the Duke of Edinburgh's Award, the Prefect Team and Student Mentoring. The stunning coastal location provides ample opportunities for pupils both on land and at sea, where they can learn to sail, kayak or canoe at our Watersports Centre. Pupils build their self-confidence and presentation skills through the Performing Arts, their sportsmanship and character on the fields and in the all-weather sports dome, and their cultural awareness through frequent trips to neighbouring towns and cities including Cambridge and Norwich.

Residential

Our on-site boarding houses promote a true sense of community, with Sixth Form pupils taking residence in the historic Manor House. Senior pupils will share a room with one other pupil in the first year and have single study accommodation in their second year of A level study. The junior houses are both welcoming and comfortable and provide pupils with a home-from-home environment and exceptional pastoral care.

We are a small community which in my opinion is more like a big family. Everyone is made welcome here. It's a great place to learn, we have a lot of support from teachers and staff, and a lot of fun too!

Key facts

Type of school Co-educational boarding
Age range 11–18
Number of pupils 65–110
Number of boarders 65–110
Teacher/pupil ratio 1:8
Fees per term Full boarding £8,950–£9,250
Affiliation The British Council (Accreditation UK), BSA
